

Do I need a local government permit for my proposed community event?

If you are unsure which permit applies to your event, please contact Council's Legal Services Division on (07) 4034 5763.

Important!
If you are using a Council facility (Community Hall, conference room, etc.) for your event, you will need to hire the facility under Council's standard Facility Hire Agreement (even if you don't need a permit). Please contact your Divisional Office to arrange hire.
