Dog vaccinations

Vaccination	Covers	Community price
C4 dog vaccination	Parvovirus, distemper, hepatitis and parainfluenza	\$65
C5 dog vaccination	C3 + kennel cough components	\$85
Puppy vaccination	Age-appropriate puppy vaccine	\$65
Vaccination certificate	Included	No charge

Recommendation: For most community dogs, C4 is the priority due to parvovirus risk. C5 is useful where dogs mix closely, travel, board, or there is respiratory disease concern.

Cat vaccinations

Vaccination	Covers	Community price
F3 cat vaccination	Feline herpesvirus, calicivirus, panleukopaenia	\$75
Kitten vaccination	Age-appropriate kitten vaccine	\$75
Vaccination certificate	Included	No charge
